

Co-operation

At Craigieburn South we value
CO-OPERATION which means

We share and care about other people when
we are working or playing

We show this value at Craigieburn South Primary School when:

We do as we are asked by our teachers and others who
care for us

We wait our turn

We encourage other people

We celebrate our own and others' success

We use our time wisely

We play in the correct place at the right time

We behave and speak in a polite and sensible way

We help each other and take turns at being a leader
or a participant

We get along with other people
